Education

Degree	Institute	CGPA	Year
B.Tech. in Electronics and Communication	JNTU Kakinada (JNTUK)	7.8	2022 – 2026
B.S. in Data Science and Applications	IIT Madras (IITM)	7.6	2022 – 2026

Experience

- IIT Mandi** June 2025 – Present
Research Intern Remote
 - Developed deep learning models for drug discovery using transformer-based architectures.
 - Explored molecular representations and property prediction via advanced neural network techniques.
- Andhra Electronics Ltd.** June 2025 – July 2025
Intern – HiRel Department Kakinada, AP
 - Designed and tested frequency control products, crystal oscillators, and RF filters for HiRel applications.
 - Assisted in reliability tests and quality checks for aerospace and defense grade components.
 - Gained hands-on experience with cleanroom procedures and RF testing tools (Oscilloscope, Multimeter).
- Blue Ocean Ventures** Sep 2024 – Jan 2025
Market Research Analyst Hybrid – Chennai
 - Conducted in-depth market analysis to identify emerging trends and competitive positioning.
 - Compiled insights into strategic reports to support product development and business decisions.

Projects

- Virtual Teaching Assistant** Jan 2025
NLP, OpenAI API, Streamlit 
 - Built a real-time Virtual TA using LLMs to assist students with automated academic query resolution.
- Temperature and Humidity Monitoring System** Nov 2024
NodeMCU, DHT11, OLED 
 - Engineered a real-time IoT monitoring system displaying live environmental data on an integrated OLED screen.
- Genetic Disorder Prediction App** Sept 2024
Python, Scikit-learn, Tkinter 
 - Implemented classification algorithms to predict genetic disorders based on patient clinical parameters.
- Line Follower Robot** July 2024
Arduino UNO, IR Sensors, L298N 
 - Designed an autonomous robot utilizing IR sensor feedback and differential motor control logic.

Technical Skills

- Languages:** C, Embedded C, Python, JavaScript, HTML/CSS
- Hardware:** Arduino, NodeMCU ESP8266, DHT11, IR Sensors, L298N Motor Driver
- Tools:** Arduino IDE, OLED Displays, Multimeter, Oscilloscope, Flask, Pandas, Scikit-learn
- Concepts:** Machine Learning, NLP, IoT Systems, RF Component Testing, Market Research

Positions of Responsibility

- **Technical Student Executive Council**
Secretary
Jan 2026 – Present
IIT Madras
- **Nallamala House - IIT Madras**
Web Administrator
Aug 2024 – June 2025
Chennai
- **Veritas Oratory Society - IIT Madras**
Secretary
Nov 2023 – July 2024
Chennai

Achievements

- **Research Presenter, GLEX 2025**
Presented paper on real-time DEM refinement for autonomous space exploration
June 2025
New Delhi
- **Smart India Hackathon**
Team Leader for a technology-driven problem statement
Sept 2023 – Dec 2023
National Finalist
